## SHIPPING MEN ON PORT IMPROVEMENT

Shipping men gathered in the Hall of Representatives in the Capitol at 4 p. m. yesterday, called by Superintendent of Public Works Holloway, to discuss Honolulu waterfront improvements.

Consulting Engineer Marston Campbell, President of the W. G. Irwin & Co. Steamship Co., President Kennedy of the Inter-Island Steam Navigation Co., F. W. Klebahn of Hackfeld & Co., Fred Whitney of W. G. Irwin & Co., Clarence Crabbe of Theo. H. Davies & Co., Port Superintendent Clark of Wilder's Steamship Co., Harbor Master Fuller and W. H. Hoogs, representing drayage interests, were present.

A map of the harbor improvement plans of former Superintendent Cooper was used as the basis of discussion. A modified scheme, which met with general approval, is to construct a slip large enough to accommodate two of the largest steamships between the Navy slips and the Pacific Mail wharf. It is proposed to build a seawall 75 feet in the Ewa direction from Navy slip No. 1, cutting off a portion of the Pacific Mail wharf and dredging a slip 200 feet wide back to Allen street, filling in the space next to the Navy wharf with the material dredged. It was agreed that there should be a shed on one side, 75 feet wide. The main object of having a slip 200 feet wide is to afford room for lighters between two steamships docked at the same time.

Mr. Wright believed in building a wharf good for all time, with the idea of making Honolulu the center of Pacific commerce. Mr. Whitney favored this idea and wanted the world to know that Honolulu was capable of meeting the needs of all vessels.

Another improvement contemplated is the widening of the Fort street slip by 24 feet.

## CAUCUS OF SENATORS.

Oahu Senators were called into consultation with the Governor yesterday afternoon on the problem presented by the invalidity of the County Act. Senator Crabbe submitted a resolution passed by the Republican county committee, asking the Governor to request Congress to ratify the County Act. Delegate Kahio was cabled to urge Congress to pass the bill now pending. In the meantime the question of appropriations is being considered by the Attorney General.

It was decided to call a caucus of all the members of the Senate who can be secured for 9 a. m. Monday next.

Wireless messages were sent to Senators on the other islands and, before evening, several replies were received, indicating that a majority of Senators would attend the caucus.

## DR. WILKINSON'S TRIP.

Dr. R. J. Wilkinson, now of Lihue, Kauai, returned to Honolulu yesterday. He came to Honolulu on Wednesday to inquire into the status of the government physicians, arriving just in time to hear of the death blow given the County Act. This placed the whole situation as it was before and made it unnecessary for any questions to be asked. Dr. Wilkinson was named county physician by the Board of Supervisors of the County of Kauai. He is now located in Lihue as plantation physician in place of Dr. Watt, who was recently forced to leave the islands on account of the state of his health.

## ALAMEDA BRINGS BUSINESS PEOPLE

The Oceanic steamship Alameda arrived from San Francisco this morning after a pleasant and uneventful voyage. Outside of the heavy swell usually encountered during the winter months the weather was fine. The steamship was docked at the Oceanic wharf at about 7:45 o'clock. The following vessels are reported as sighted during the voyage:

January 10th, at 1:44 p. m., Lat. 35.24 N., Long 129.47 W., met S. S. Sonoma, bound N. E.; January 11th, 10:45 a. m., Lat. 33.14 N., Long 135.51 W., met U. S. T. Sheridan, bound N. E.; January 12, 10:10 p. m., Lat. 29.00 N., Long 144.50 W., met S. S. America Maru, bound N. E.

The Alameda brought a fair list of passengers among them being a number of well-known island people.

E. A. P. Newcomb, the well known architect, returns from the East, where he has been for a long time. He is accompanied by his sister, Miss S. L. Newcomb.

E. E. Paxton, of Dillingham & Company, returns from a short trip to the mainland.

Captain G. H. Whitney and C. F. Lehnars are the inspectors of Hulls and Boilers, who came here to make their annual inspection of vessels and certificates of these islands.

Frank H. Grace, who is well known here, returns to Hawaii's sunny shore after a trip to the snowy slopes of the Klondike.

F. J. Heger is head of the large shirt manufacturing firm in San Francisco. He is here on his annual business trip. G. H. Heliman is in the produce business in San Francisco. He comes to Honolulu on business. He is accompanied by Mrs. Heliman.

Frank J. Hare is a post office inspector and E. N. Shaw a lighthouse inspector.

F. S. Holt is a member of the well known firm of Holt Brothers, of Stockton, dealers in agricultural machinery. He comes here on a combined business and pleasure trip. Mrs. Holt accompanies him.

J. E. Miller is in the bone meal fertilizer business.

F. S. Shoup is the Southern Pacific passenger agent who makes periodical trips to the islands.

W. Walsh is a representative of the Empire Transfer Company.

The Alameda brought 925 tons of general merchandise.

## SCHOOL WORK AT HOME.

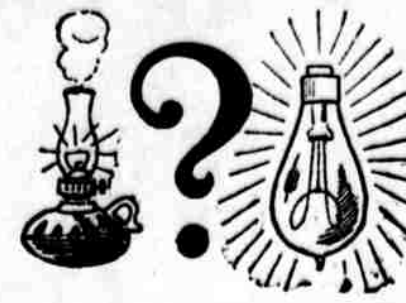

Recently Prof. M. M. Scott, head of the high school, sent out ballots to the parents of school children upon which was printed the question, "Do your children have too much school work to do at home?" The request was made that these be answered with a "yes" or a "no." These ballots were sent out through the children to 261 parents having children in the grammar school, this number representing about 300 pupils. Out of the 261, 247 answered "no" and 14 "yes," showing that 95 per cent of the parents are of the opinion that their children do not have too much work to do at home, so far as the grammar school is concerned.

Of the parents who have children in the high school 92 voted and out of these there were 80 who answered "no" and 12 who voted "yes." Adding the results together, 333 parents voted, representing 400 young people all together, 91 per cent voting "no" and 9 per cent only voting "yes."
